ACTIVE LEARNERS	ACTIVE COURSES	BRANCH PATHS	PROGRAM REACH

Current scope

- Administers and evolves ECHO Academy in Docebo for a distributed dealer, service, sales and employee audience.
- Manages blended learning across e-learning and instructor-led technical training.
- Builds custom reporting, certification pathways, learner segmentation, multilingual operations and gamification.
- Designs technical learning experiences such as ECHO Academy Diagnostic Lab.

Positioning

Best aligned to senior LMS administration, learning systems, learning technology, learning experience, training technology, and AI-enabled learning roles.

Featured portfolio work

- **ECHO Academy:** enterprise learning ecosystem and operations.
- **Diagnostic Lab:** scenario-based technical troubleshooting.
- **Technical Certification:** TF1 → TF2 → Master learning architecture.

Tools & platforms

Docebo, Canvas, Moodle, Blackboard, Lessonly, Litmos, Articulate, Camtasia, Adobe Captivate/Learning Manager, Vyond, PowerPoint, Google Workspace, reporting/ analytics workflows, and AI tools.

Selected ECHO metrics are verified October 2026 snapshots and should not be interpreted as permanent lifetime totals.
